

# User Manual For The Web Extension

## 1) Sign In and Sign Up

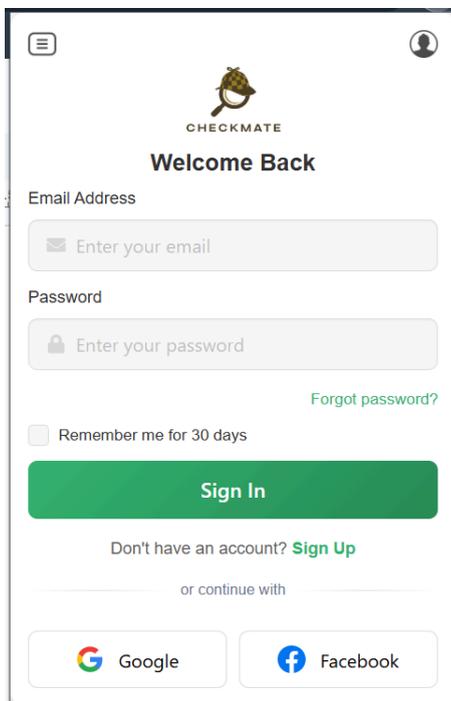

The screenshot shows a mobile application interface for signing up. At the top left is a green arrow labeled 'Back'. In the center is the 'CHECKMATE' logo, which features a chess knight. Below the logo is the text 'Sign Up'. There are three input fields: 'Email' with the placeholder 'Enter your email', 'Password' with the placeholder 'Enter your password' and an eye icon, and 'Confirm Password' with the placeholder 'Confirm your password' and an eye icon. A green 'Sign Up' button is positioned below the fields. At the bottom, there is a link: 'Already have an account? Sign In'.

To sign up the user must enter email, create a password and confirm the password. Then click on the Sign Up button. This will send a mail for the user to confirm their email.

The user can click on the link in the email to do the confirmation and will see the sentence below in their screens.

Your email has been confirmed. Thank you!

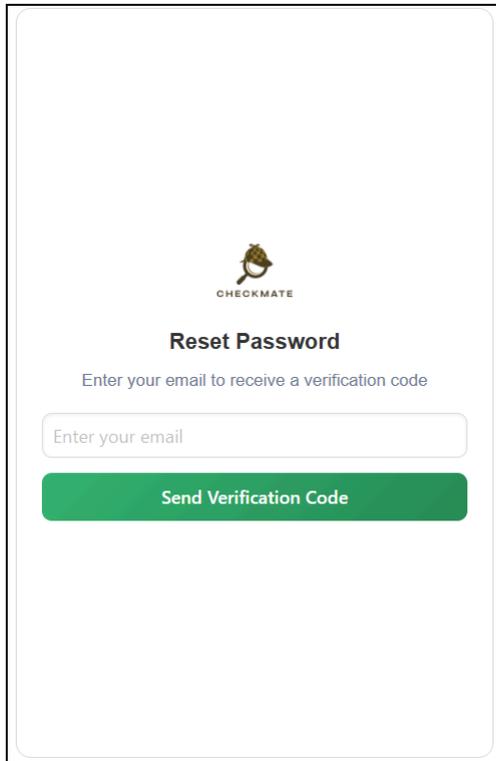

The screenshot shows the sign-in interface for the CHECKMATE app. At the top, there is a hamburger menu icon on the left and a user profile icon on the right. The app logo, featuring a chess knight, is centered above the text "CHECKMATE". Below the logo, the heading "Welcome Back" is displayed. The form includes an "Email Address" field with a placeholder "Enter your email" and a "Password" field with a placeholder "Enter your password". A "Forgot password?" link is positioned to the right of the password field. Below the password field is a checkbox labeled "Remember me for 30 days". A prominent green "Sign In" button is centered below the form. Underneath the button, the text "Don't have an account? Sign Up" is shown, with "Sign Up" as a link. At the bottom, the text "or continue with" is followed by two buttons: "Google" with the Google logo and "Facebook" with the Facebook logo.

To sign in the user can do it manually by entering their email and address and password or sign in with Google or Facebook.

## 2)Forgot Password

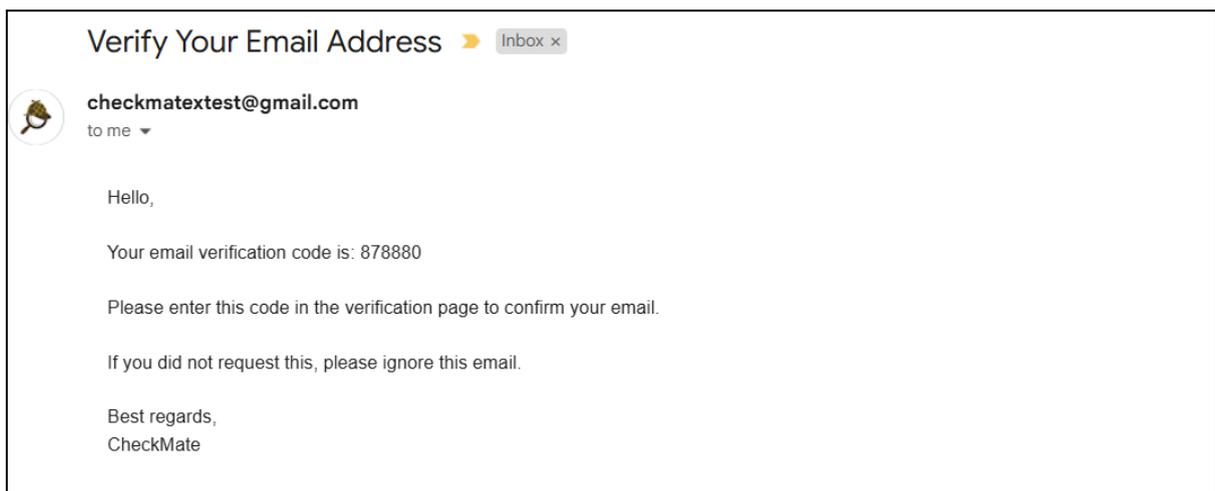

The user can also click on the Forgot password? link to create a new password which will send them to the page below:

  
**Reset Password**  
Enter your email to receive a verification code

[Send Verification Code](#)

They must enter their email and click on the Send Verification Code button. The email may be in the Spam inbox.

  
CHECKMATE

**Enter Verification Code**

We've sent a code to:  
[REDACTED]@gmail.com

Enter Code

Verify Code

The user should enter the verification code that they received in the email and click on the Verify Code button.

  
CHECKMATE

**Create New Password**

Please enter your new password

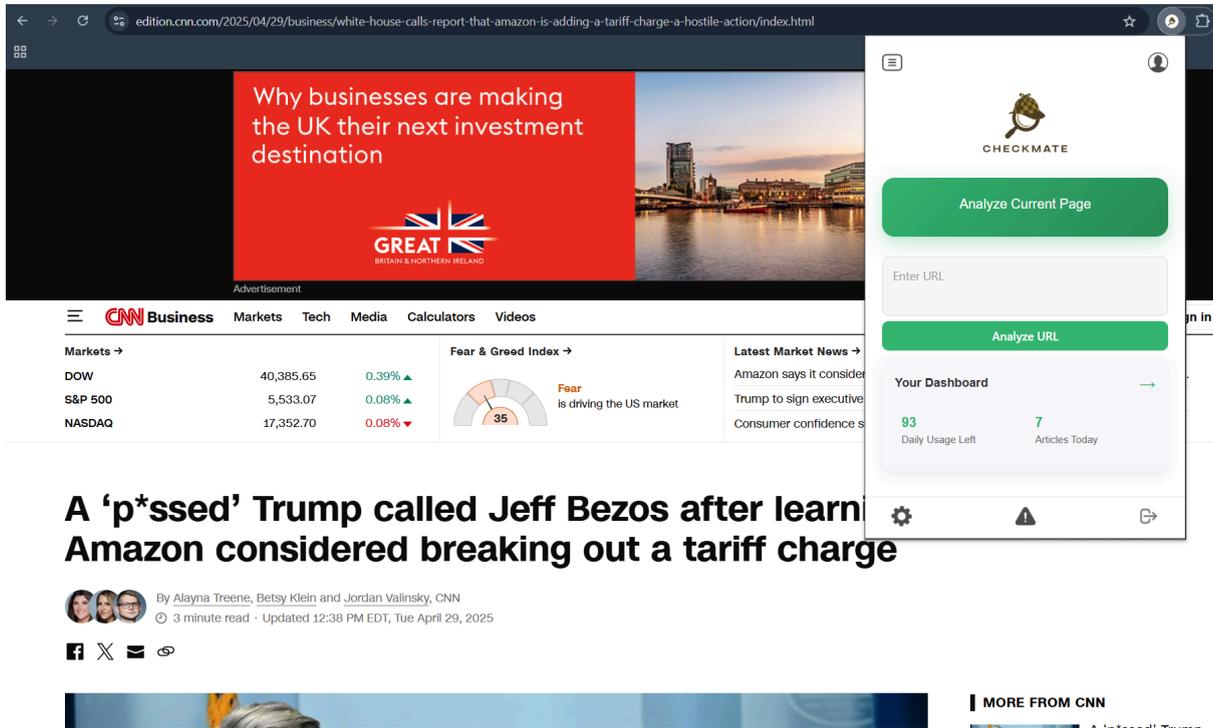

New Password

Confirm Password

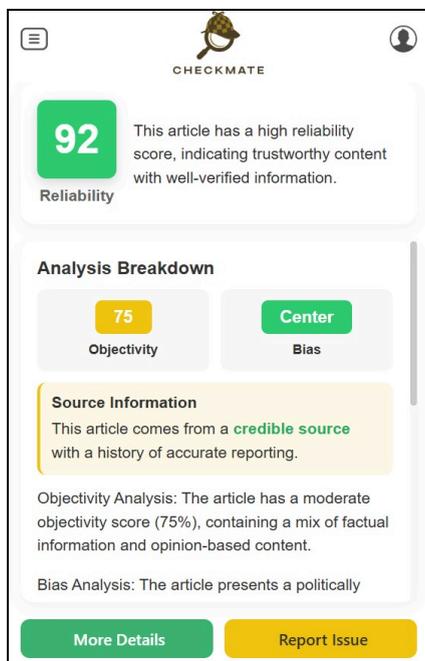

Update Password

Then the user can create and confirm their new password.

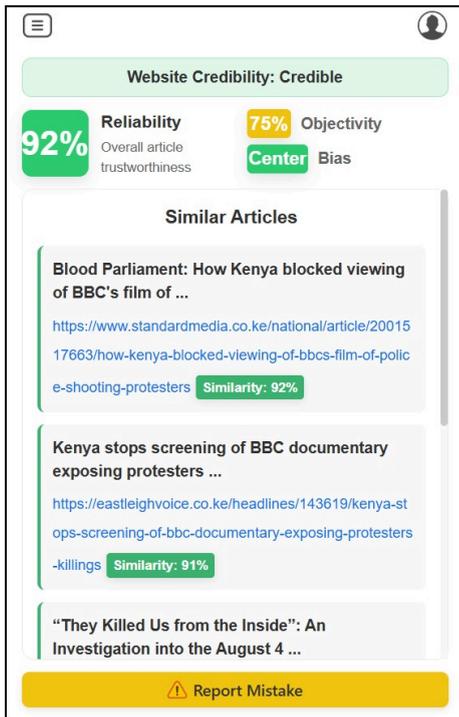

### 3)Analyzing Currently Opened Page

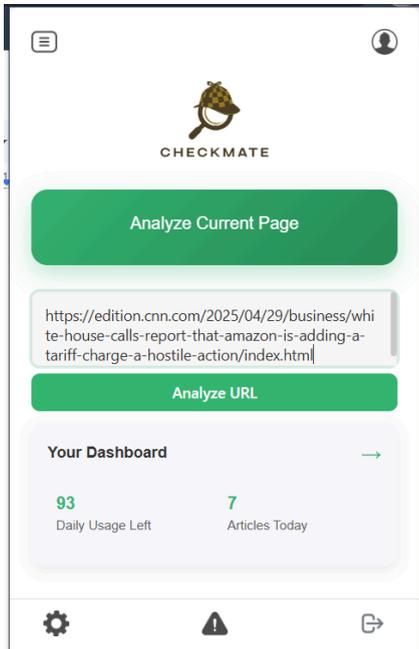

To analyze the current page, all the user has to do is click on the Analyze Current Page button. (A picture of a random result is given below)

After analysis is complete the user can see the reliability score and the analysis breakdown of the article. The user can click on More Details to observe more information such as all the similar articles (it will look like the picture below).

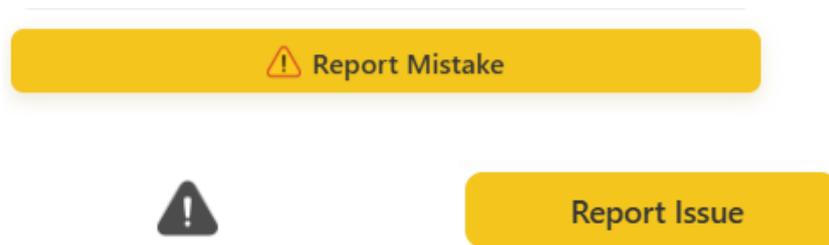

#### 4) Analyzing Input URL

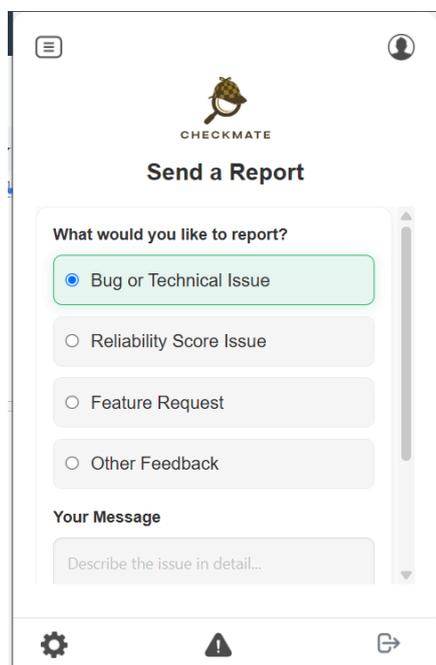

The user should input a news article URL in the Enter URL space and then click on the Analyze URL button.

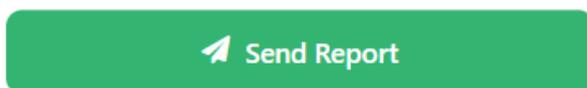

## 5)Reporting

The user can click on the Report Issue button / Report Mistake button or report icon in the bottom icons to send a report.

To send a report the user can just select the issue they would like to report about from the menu and they can also leave a message. Then all they have to do is click on the Send Report button in the bottom.

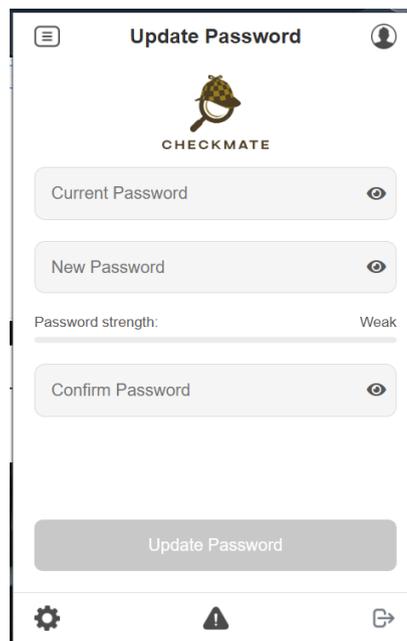

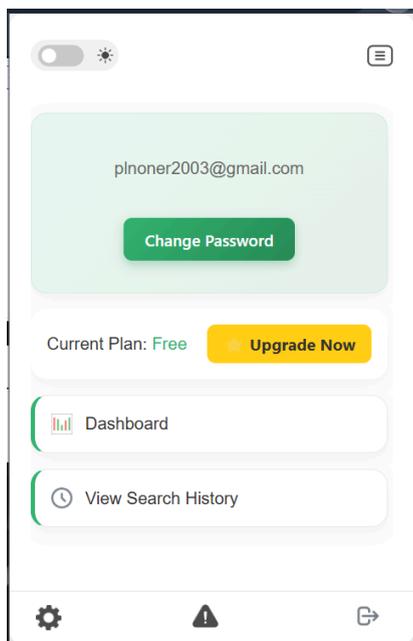

## 6) Changing Profile Settings

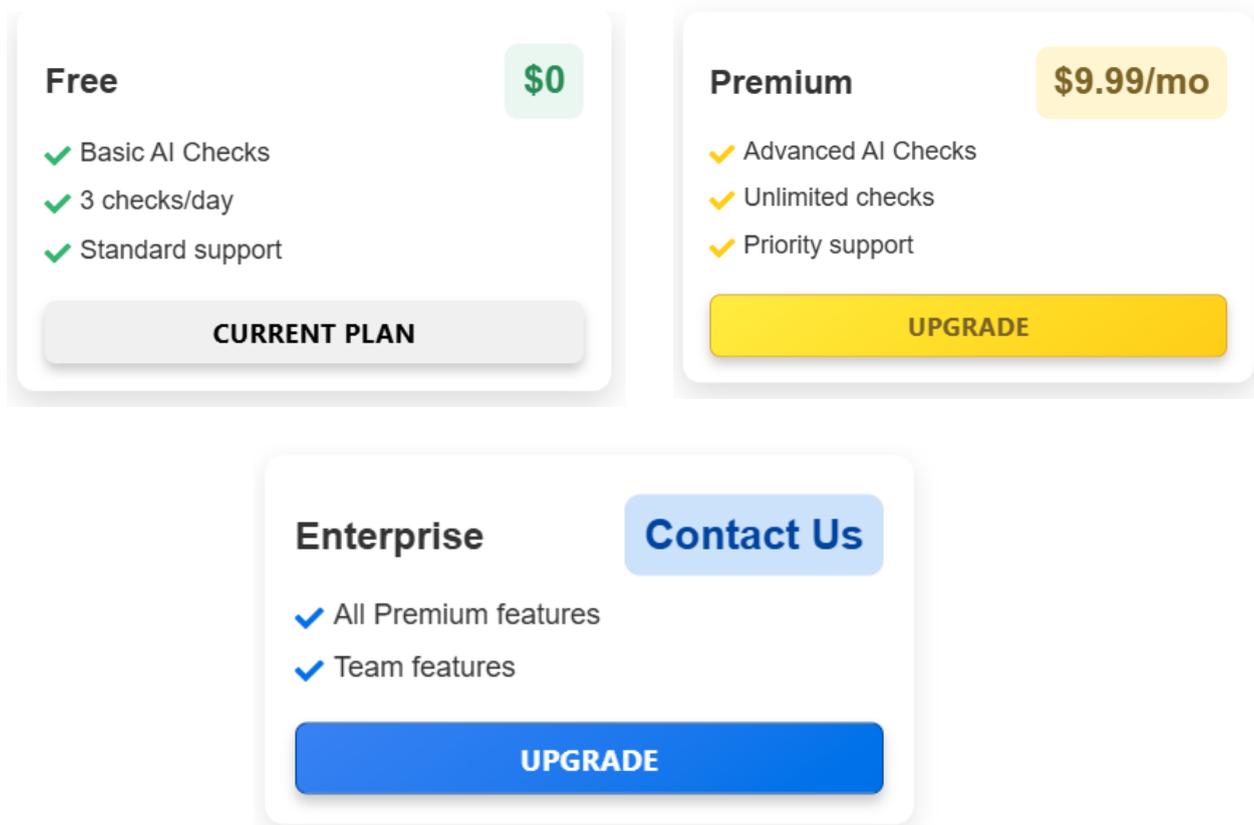

Profile settings can be changed by clicking on the profile icon.

### 6.1) Changing Password

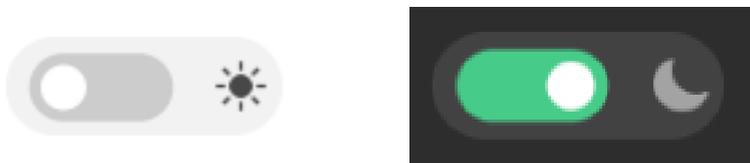

The first step is clicking on the Change Password button in the profile settings. Then the Update Password page will appear. Then the user can provide the current password and a new password, then confirm the new password and click the Update Password button.

## 6.2) Changing Plans

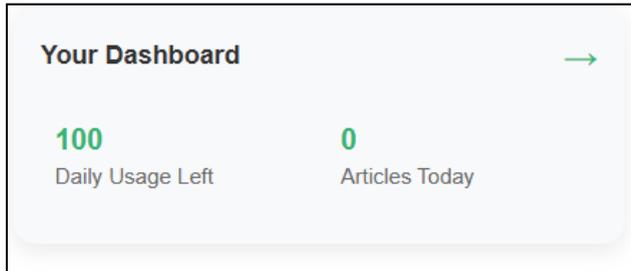

The user can select one of the 3 plans given above. If the user wants to select a paid plan they have to make a payment through iyizico's service.

## 6.3) Dark Mode / Light Mode

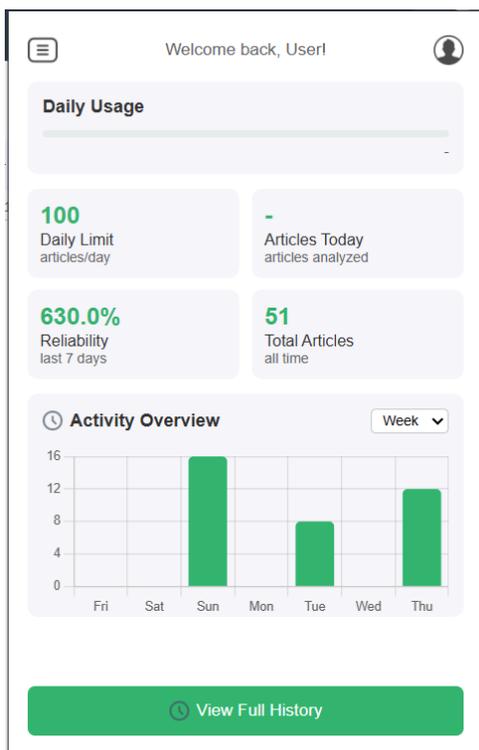

The switch in the profile settings can be used to switch between light mode and dark mode.

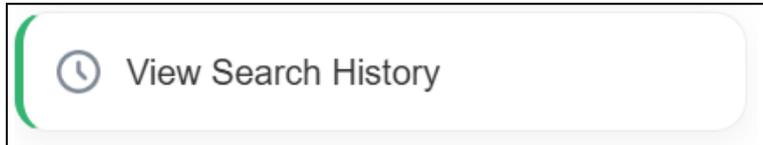

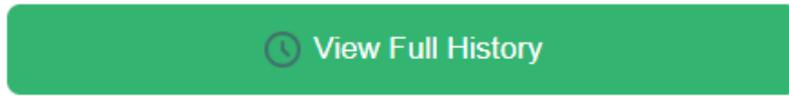

## 6.4)View Dashboard

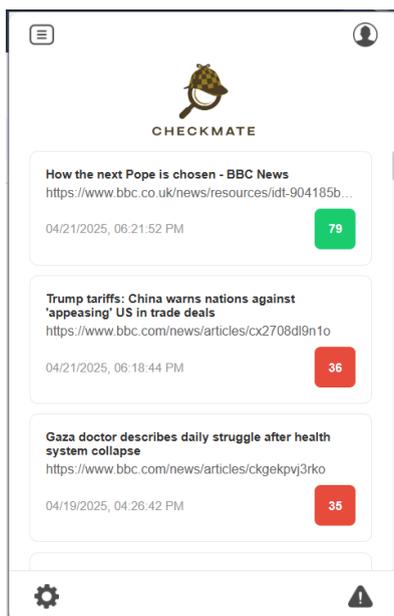

The user can click on the Dashboard button on the profile settings or the Your Dashboard on the Main page, which lead them to the page below to see their daily limit, total articles etc.

## 6.5)View History

The user can click on the View Full History button in the Dashboard page or the View Search History button on the Profile settings page to view their history and they will see the page below:

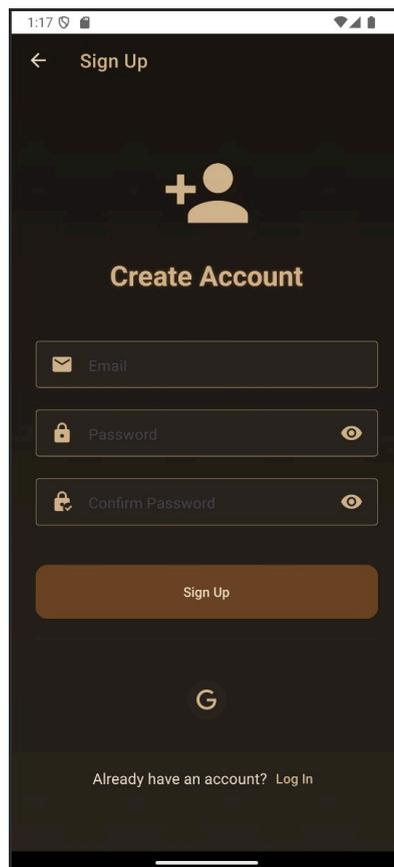

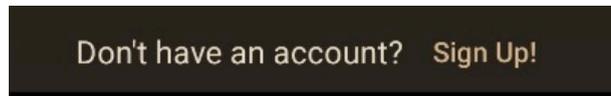

## 7)Logout

The user can logout by clicking on this logout button on the bottom icons.

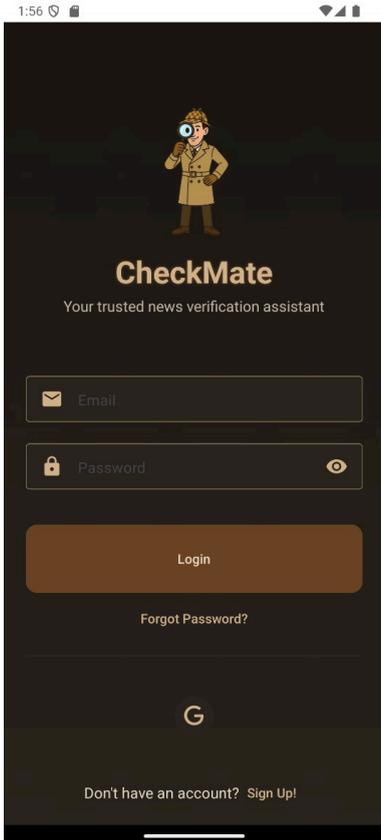

# User Manual For The Mobile Version

## 1) Sign In and Sign Up

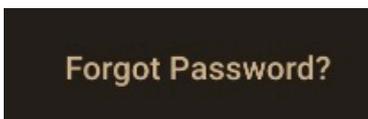

To sign up the user can click on the Sign Up! link on the first page and then they are redirected to the Sign Up page. Then they enter their email, password and confirm the password and click on the Sign Up button.

Then they have to confirm their email in the same way as the web extension.

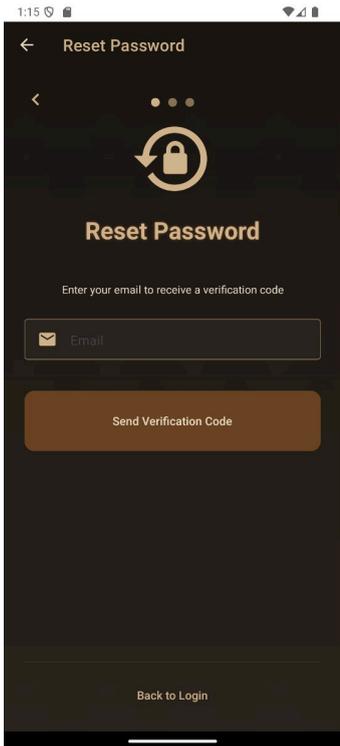

To Sign In the user has to correctly enter their email and password and click on the Login button.

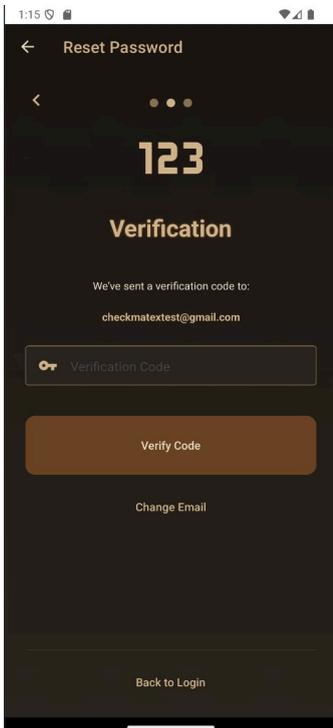

## 2)Forgot Password

To reset their password the user can click on the Forgot Password? link and be redirected to the Reset Password page where they have to enter their email.

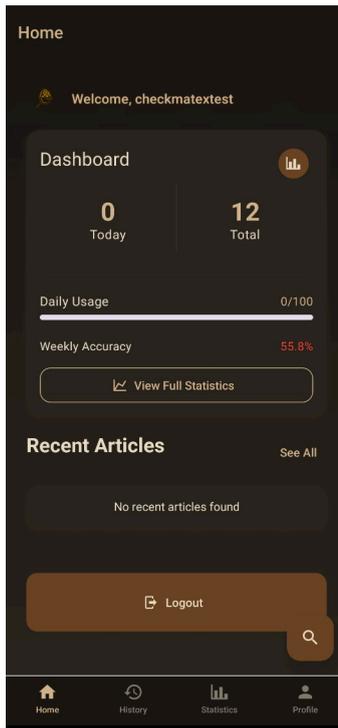

Then they have to confirm the verification code sent to their email and click on the Verify Code button.

After confirming their email they can set their new password, confirm it then click on Reset Password.

### 3) Analyze Article

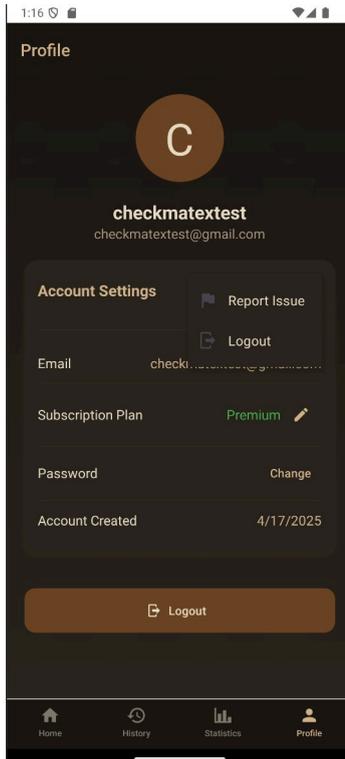

To analyze an article the user should click on the magnifying glass icon on the home page.

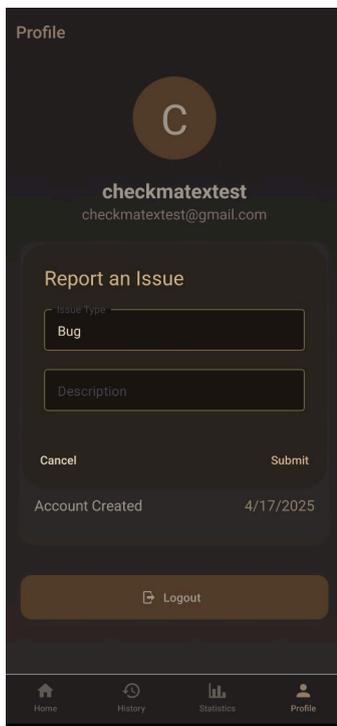

Then they have to put an article URL to analyze and click on the Analyze button.

## 4)Reporting

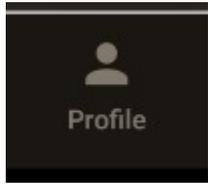

To report an issue the user must click on the Report Issue button in the profile page.

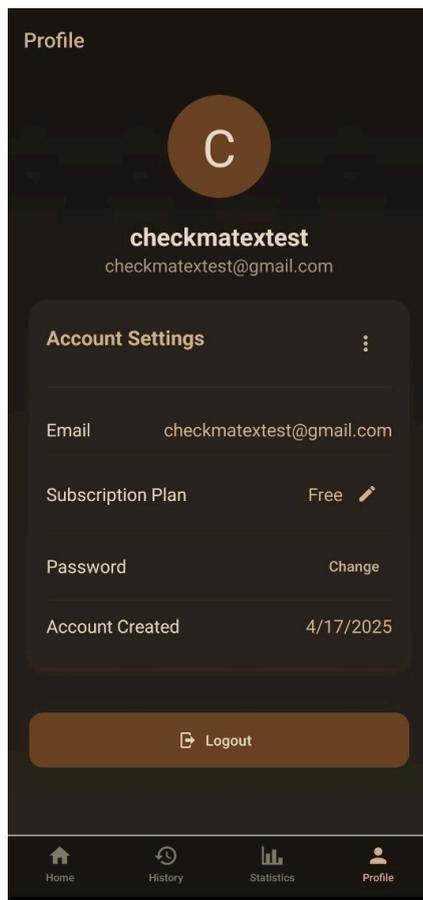

Then they can write their report and click on the Submit button to send it.

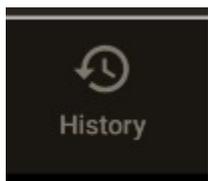

## 5) Profile Settings

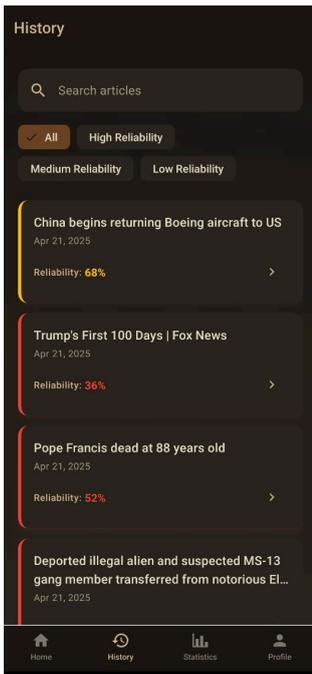

The user can go to the Profile page by clicking on the Profile icon above. Then they will be redirected to the Profile page.

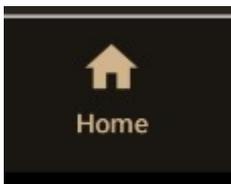

## 6)View History

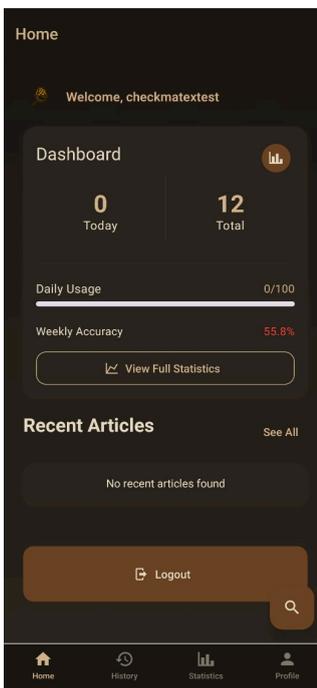

The user can go to the History page by clicking on the History icon above. Then they will be redirected to the History page.

## 7)View Dashboard

The user can go to the Dashboard page by clicking on the Home icon above. They will be able to view the dashboard there.

## 8)View Statistics

The user can go to the Statistics page by clicking on the Statistics icon above. Then they will be redirected to the Statistics page.
